1	Too many windows. Hot and cold days will raise heating and cooling costs dramatically vs having less Windows. Do you want it to be efficient or a sucker of money for the tax payer?	10/29/2015 7:13 AM
2	No solar panels or green roof integration. Rooftop terrace would be nice too.	9/27/2015 6:51 PM
3	There is no outdoor/patio seating. That would be great to be able to read/study outside.	9/27/2015 6:40 PM

1	This is ridiculous. We have a library. My family and I use it from time to time. We've been in at different times of the day. There is nothing wrong with our library as it currently stands. This is a beat the Jones's situation and pet project that truly benefits the few. The trustees should be ashamed of themselves and the taxpayers should be pissed.	10/29/2015 7:13 AM
